

### Weekly

#### Optimal For:

- Savings
- Weekly Maintenance Schedules
- Enhanced Fitment

#### Benefits:

- **Continuous:** The weekly Drain Ring cleans drains for 7-10 days.
- **Form fitting:** Foam spacer conforms to the shape of the drain for a snug fit.
- **Reinforced:** Weekly Drain Ring is reinforced with a plastic band for increased durability, and maximum cleaning efficiency.
- **Buoyancy:** Our weekly Drain Ring floats for added assurance it won't be pulled into the lower drain.
- **Shipping:** The lightweight design of the weekly Drain Rings saves on shipping costs.

### Monthly

#### Optimal For:

- Longevity
- Drains that don't require weekly upkeep
- Less Maintenance

#### Benefits:

- **Continuous:** monthly Drain Ring cleans drains continuously.
- **Longevity:** Monthly Drain Ring lasts for 30 days.
- **Less:** Monthly Drain Ring provides the same cleaning power from day one thru 30, requiring less demand on maintenance.
- **Guarantee:** With a Drain Ring that lasts 30 days, it's certain that drains are clean, even if cleaning schedules are interrupted.
- **Monthly Drain Ring** is also available with reinforced plastic.
