

Tech Sheet — Chill Clean

■ Product Overview

Chill Clean is a time-release drain pan treatment strip designed for refrigeration systems. Chill clean releases a proprietary blend of cleansers and wetting agents that keep dirt in suspension, preventing buildup, clogs, and odors.

- **Form:** Slim polymer strip
- **Color:** Pale Yellow, Bright orange knit enclosure
- **Primary Use:** Continuous drain pan cleaning for refrigeration units

■ Key Benefits

- Prevents clogs, backups, and water overflows
- Improves air quality by reducing buildup in drain pans and eliminating odors
- Reduces downtime and costly service calls
- Continuous-release formula for reliable long-term performance
- Supports facility compliance standards

■ Application

- Place strip directly into the refrigeration drain pan, near the coil, do not block drain.
- As condensate water flows, Chill Clean releases cleaning agents that keep the pan clear.
- During dry periods, the strip retains its cleaning agents for ongoing protection.

■ Safety & Handling

Refer to PanGuard® SDS for detailed safety information.

- Signal Word: Danger
- Causes serious eye and skin irritation; harmful if swallowed.
- PPE Recommended: Gloves, eye protection, and wash hands after handling.

■ Environmental Info

- Toxic to aquatic life — prevent direct release to waterways
- Dispose of used product and container in accordance with local regulations
- Non-volatile; ingredients will not travel through the airstream

■ Available Sizes / Codes

- Sized by length of coil
- designed for universal fitment

■ Certifications

- Uses the NSF Green Certified PanGuard® SDS
- U.S. manufactured at Controlled Release Technologies, Shelby, NC facility
