

Tech Sheet — Dispenser Guard

■ Product Overview

Dispenser Guard® is a time-release polymer strip designed for use in beverage and recirculation drain pans. Covered by a durable knit fabric, it releases cleaning agents when in contact with water, helping keep pans and lines clean. During dry periods, the strip retains its ingredients for ongoing effectiveness.

- **Form:** Slender polymer strip
- **Color:** Pale yellow, covered by knit enclosure
- **Primary Use:** Ongoing maintenance for beverage drain pans and recirculation cases

■ Key Benefits

- Continuously cleans drip trays and recirculation pans
- Keeps drain tubes open and free of “Sugar Snakes”
- Reduces backups, clogs, and service calls
- Controls odors in beverage equipment
- Won’t dissolve or float—stays where you put it

■ Application

- Beverage Dispensers (DG-DP): One strip cleans for up to 30 days (two taps per strip).
- Recirculation Cases (DG-RU): One strip keeps cases fresh and clean for 30 days.
- Place directly in the drain pan, away from the drain, for continuous protection. Replace monthly for best results.

■ Safety & Handling

Refer to PanGuard® SDS for detailed safety information.

- Signal Word: Danger
- Causes serious eye and skin irritation; harmful if swallowed.
- PPE Recommended: Gloves, eye protection, and wash hands after handling.

■ Environmental Info

- Designed for safe use in beverage environments
- Prevent direct release to waterways; dispose of used product and container responsibly

■ Available Sizes / Codes

- DG-DP – For beverage dispensers (2 taps, 30 days)
- DG-RU – For recirculation cases (30 days)

■ Certifications

- Uses the NSF Green Certified PanGuard® SDS
- U.S. manufactured at Controlled Release Technologies, Shelby, NC facility
